There's little we could say after that hot threeplay. Those girls are hot, and they'll tell you so. Call them now before they get bored waiting and go home. You won't regret one minute of it.

She's a little bit shy and quite quiet. She says she's not very interesting and usually doesn't have anything to say. But we when put Sylvia in front of the camera, it's like the spotlights came on and she was on stage. But she is also so adorable and fun and the kind of girl you would want to marry.

"I like cooking, taking long walks, and playing with my pet Yorkie – Sammy. I'm not a big sports fan but I can fake it pretty well when I'm out at the sports bar with my brother's friends. Guys like a girl who is into sports, and it's a great way to get a guy, too."

sylvia

She has a quiet side and she has a sexy side. Which do you want to see?

"I think kissing is the best way to get sex started. There's nothing sexier or a bigger turn on than a guy who knows how to kiss. If he's a good kisser and patient with me, I just might let him kiss me a little down lower."

Sylvia has had a rough time meeting the right guy. She thinks they are all after her boobs, but there is more to her than the huge lumps on her chest.

"I can get wet just by good kissing. When I'm ready, dripping wet and can't wait for it any longer, I'll grab the guy's cock and stick it into my pussy. He'll know that I want him to fuck me hard and I'll fuck him hard back."

“I like dildos when there is no guy around – and that can be quite often. I have about six different ones and I carry one in my purse for those uncontrollable moments when I’m not at home. This one here is my favorite.”

"Even though I'm shy, I lose all my inhibitions on the telephone. Wouldn't you love to talk to a girl like me. I'll even rub and suck my boobs if you ask me to. Over eighteen only.

Molly

I was rummaging through a chest in the attic when I came across a lingerie outfit I wore on a photoshoot twenty years ago. I couldn't believe it and tried it on. It still fit perfectly. So at dinner that night I told my husband about it and he suggested I do a new shoot with the same outfit. I blushed. I was only twenty then but said okay. We called a photographer we knew and he said he would shoot me just like the old pictures. He would get a makeup artist to do me up just the way it was back then, hair and all. I told him I needed six months to grow my pubic hair back and lose a couple pounds.

Six months later...

This is me in1990!!!

So I show up at the photo shoot and I saw the set. They had copied the old set from the original photos all the way down to the wooden screen in the background. Only the color of the sheets was different. I got made up and it was deja vu all over again. I was amazed, and so was everyone else, that I looked just the way I did twenty years ago. My boobs were a little bigger and a couple more wrinkles, but I was the same! It was a bit freaky.

30-40group.com

The only difference from the original shoot was my trusty vibrator. I hadn't posed in a long time and was quite nervous. After about half an hour, I asked if I could use it to loosen me up. They didn't have to take any shots, just give me a few minutes with it. (some people like to have a drink, I like my vibe). The photographer insisted he shoot me using it and that was a lot of fun. I forgot completely that the cameras were there and after another half hour, I came! Well, a few days later I got to seer the pictures and they were fantastic. And my husband loved them. He insisted I wear the outfit to bed that night. Needless to say, we fucked all night.

But there were some other things that I did during the photo shoot that my husband doesn't know about. I'll tell you, but only if you can keep a secret. Call me and I'll share them with you. But you have to promise not to tell. They're pretty steamy.

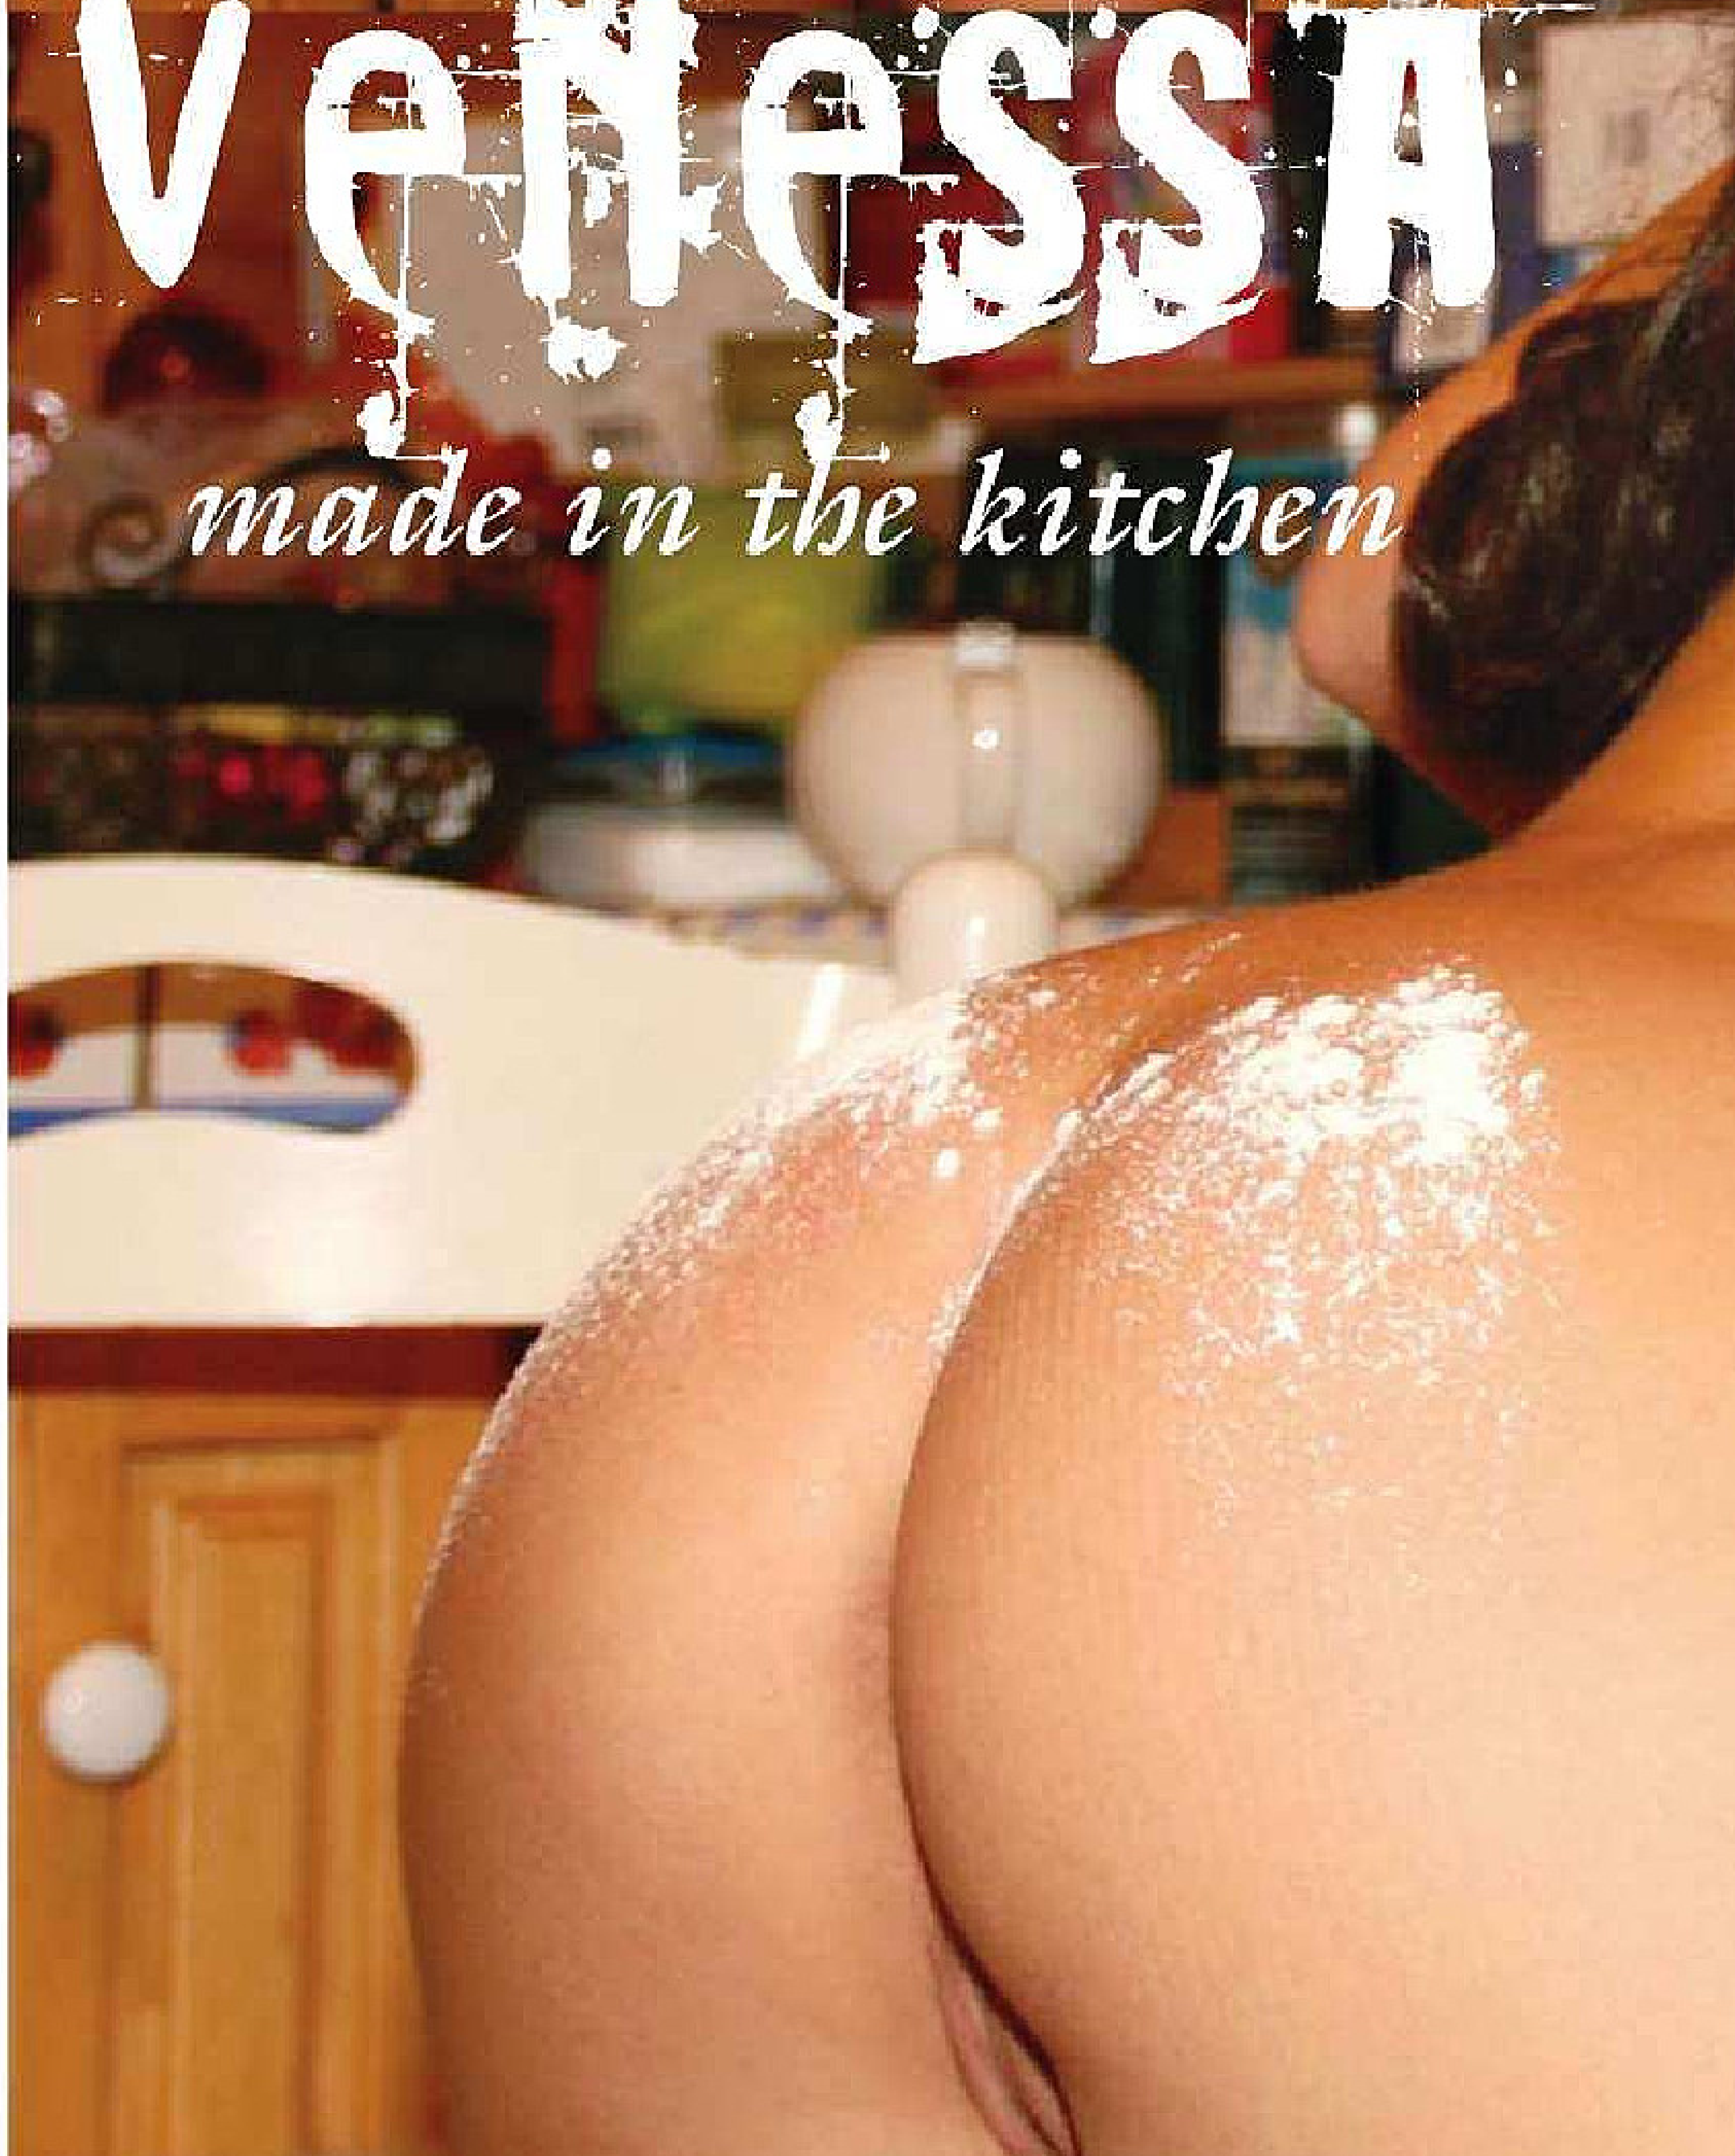
made in the kitchen



Before I got married, I told my husband-to-be that I would bake him a birthday cake. I had never baked a cake, or anything else before, but I promised him and, damn it, I was going to do it. Well, I got out my mom's Betty Crocker cookbook, went to the grocery store and came back with the stuff to make the cake. I spent all day in the kitchen mixing, stirring and baking. When he came over that night, I presented him the most inedible cake on earth. He had a great sense of humor about it – and that's why I married him. When I showed him the mess I had made in the kitchen, he got excited and said let's do it in the kitchen. I stripped his pants off and started giving him a birthday blow job. He took what was left of the frosting and smeared it...

all over my newly-shaved pussy (yes, another birthday surprise for him). He licked me clean and I came really fast – and then poured some more on me for a second helping and I came for a second time in ten minutes. But all that did was make me hornier. I made him lean over the table and I got behind him and began to slap his ass. He loved it. I reached under his butt and grabbed his hard on. I pulled and yanked it, milking him as best I could while I nibbled and bit his butt cheeks until he said he was about to cum. I quickly grabbed the mixing bowl and jerked his cum right into it. I opened a bottle of birthday wine and we drank and fucked all night long. We didn't leave the kitchen until his birthday was over.

Well, my husband just left me for someone who makes pies! Isn't that a bummer.
Now I have a kitchen full of cakes and no one to share them with.
Want some cake and eat me, too? Call me and tell me you do.

I have a beautiful pussy!

Or at least that's what I've been told. I discovered my sexuality when I was just eighteen. I had never really thought about sex before that. I never even masturbated until then. Now, I can't keep my hands off myself. I love to finger my hole and stroke my clit. It's something very intimate and sensual and I just love how it feels. If I had known how great this feels, I probably would have started much earlier.

Now that I'm a grown woman, I can have my pussy touched and licked and even fucked anytime I want. And I want it a lot. I like the little tuft of hair that I keep just above my slit. I tried a landing strip, a Mohawk, a lightning bolt, a heart shape and even being bald. I keep one style for each lover. That way I know who I'll be fucking until it comes time to change the style and the lover down there. Which one do you prefer?

My pussy aches for you!

I've been playing with myself for too long lately.
My pussy needs to be stroked and caressed.
It needs love and attention paid to it.
It needs to be filled up by you!

Letters From Our Readers

Comments on the magazine, the sexy ladies, and their thoughts on sex.

UnCOVERed GIRL

Yo Shannon,

I love blondes, and I love you. When I saw your cover on the newsstands, I had to get the magazine and check you out. And man, do you check out. I could do without all the hokey cooking stuff, but your body and your boobs and your pussy could cook in my bed any day. I don't see a ring on your finger and I can tell you are probably over twenty, but how did you get such a slamming body. Do you work out? I love girls that work out. Do you go to a club or just work out at home? Do you really know how to cook? Are your boobs real? I bet I could tell by touching them. And man, I would live to lick your pussy. It looks so cool, all clean shaven like that. I'd part your pussy lips and stick my tongue in there as far as I could. And I'd love to see your blonde hair draped around my big cock with your sweet mouth sucking it until I came. I'm a nice Brooklyn boy who loves blondes. Is here any way we could meet? Or at least email each other?

– Barry, Brooklyn

Yo Barry, You have to know we cannot give out Shannon's personal info, but we can tell you she is as nice as she is hot. We'll pass along your note to her and if she decides to respond, we'll let you know. Meanwhile, here is another shot of her crazy cover. – Ed.

NICE OR NAUGHTY?

To the Editor,

Six months ago I married my high school sweetheart. She went to a religious high school and I went to a public school just down the road. Her dad is heavily involved with the church and she went to church every Sunday. She even sang in the choir. Her parents are very nice and they were so gracious at our wedding. We honeymooned at Niagara Falls for a few days and never left the hotel room.

Well, that's where things got weird. I thought I knew her better than I apparently did. We had fucked a few times while we were engaged and while it was fun, it was not earth-shattering. We never slept overnight, just quick fucks and BJs when we could find the time and privacy for them. I kinda resolved myself to a life of ho-hum sex (and probably very little of it after we had kids).

HEATS UP THE KITCHEN
HOT! DESERTED ISLAND LESBIAN LOVERS
SWEET ASHLEE
I'M AS NASTY AS I WANT TO BE

Shannon heats up the kitchen and the pages of Nasty Housewives, Vol. 25. A reader favorite, she has her way with flour, a mixing bowl and spatula. Her muffins are good, too!

Still, I loved her and wanted to marry her and so we did. The first night of our honeymoon was nothing special, we were both so tired and beat by the end of the day that we just collapsed in bed. In the morning she ordered room service and it arrived before I got up. She told me to go shower and she would set out the food. When I came out, she had it all nicely arranged on the little table by the window overlooking the falls. She ordered omelettes for each of us and a bottle of champagne explaining we did not have a chance to celebrate the night before.

We sat and ate and recollected the day and the week before and laughed and said a whole bunch of "I love yous" throughout the meal. We finished the champagne, too and were both a little tipsy. Then she pulled a second bottle from under the food cart and poured us some more. We both drank and got pretty happy. I do not recall her drinking much, if at all, while we were together, but today she would down almost an entire bottle. Not that I really minded since it was our honeymoon. We had finished most of the second bottle as she pulled me over to the bed and stripped my bathrobe off. She dropped hers and I saw she had shaved herself down there.

She said she did it while I was sleeping and wanted it to be a wedding present from her. I did not object, and as a matter of fact, I loved it and couldn't wait to bury my face in it. Before I could do anything, she pushed me down on the bed and started sucking my cock. She went at it like a lion on a kill. It took a minute for me to get it up because of the booze but when I did it was rock hard and she devoured it. I don't remember her passion for cock-sucking being so extreme as it was now. I laid back and let her go to it. Her head must have gone up and down on my shaft a couple hundred times in ten short minutes.

From between my legs she grabbed me under my thighs and pushed my legs up so my knees were on my chest. She dipped low and started licking my ass. I couldn't believe it. We never talked about this or did I even think she knew anything about rimming, but there she was probing my butthole with her tongue all the time pumping my penis with one of her hands. She squirmed away to the side and stuck a finger from her other hand into my hole and I jumped. Nothing had ever been in there before.

She slapped my butt hard as I jumped and told me to take it like a man. She pushed my feet down towards the bed and that made my butt raise up even more. Another finger goes in. My complaints are muffled by the pressure of my legs on my chest. She drives her finger deep in and out of me. I lay there taking it – like a man. She repositions herself back behind me and starts licking me there again. By now I have given in to her and she senses it. She alternates between sucking my dick and balls and licking my butthole.

Jessi and Daisy enjoy the solitude of a deserted island together with dildos and jewels in all the right places. But no dicks allowed, boys.

As I feel the cum building up in me and looking for the release, she drops my legs back down, rolls me over and moves up to my face squatting down hard on it with her pussy. It was soaking wet and she wiggled it into me cutting off breathing through my nose. I tried to push her away, but she only squatted down harder grinding her hips and swallowing my face in her pussy. I don't think I licked it at all. I think I just fucked her with my nose and mixed her pussy juices with the taste of champagne.

So now she's sitting on my face. She grabs my cock and bends down to suck it some more. We're going at it sixty-nine style when she takes my balls in her mouth. Both balls. She had never done this before or even came close. I'm lying there thinking where did this girl learn this. She had dated a few guys before me and may have even slept with one or two. She never wanted to talk about past relationships, but now she has me wondering. But I'm still loving the sex, its wildness and its intensity. I finally explode in her mouth as she sucks me dry.

Swallowing every last drop she rolls off me and lays back on the bed exhausted. Or at least I thought she was. She pulls me on her and tells me to eat her out some more. I sloppily oblige and lower my head to her pussy. As I lick, her thighs tighten around my head and her leg muscles hold me there in an erotic grip that I couldn't break. I lick her as best I could but it didn't seem to be good enough, Her hands come down and she diddles herself to cumming. Again I'm amazed at her actions. All new to me. She finally cums again and releases her grip on my head. I surface for air and get off the bed fearing more hard sex.

We sleep away most of the afternoon and start again in the evening and it was sex for three straight days. We've backed off a bit and have even talked about the honeymoon sex we had. She said she had been holding back her whole life for the right man and I was it. Yes sir, I'm the man.

– Binder, Syracuse

NO DICKS AHOY

Gotta write you and tell you what a hot pictorial that was of the two girls in the last issue [Jessi & Daisy]. I would love to be on a deserted island with them. They wouldn't need no dildos. I could do them both each day for the rest of their lives. My stamina would be enough for that. I'd fuck one in the morning and one in the evening and during the afternoon, they could both give me a blow job. We'd do that every day, but rest on Sunday. I know their pussies would need a break from me. But that's the day they could do each other and I would watch.

– Morgan, Miami

Over the years we've received thousands of letters, many of which we have printed, some of which we have not, and others that were too long, too unbelievable, or not quite a letter but more of a story. We've decided to take these stories you've submitted and give you a forum for them. So kick back and have a read about what other people on the planet are doing. We guarantee you every one was written by a human. Have a story to submit? The next page will tell you how.

From Darleen in Atlanta...

I really like to have my pussy licked. I don't really care is a guy or girl does it, just as long as someone does it! I want that tongue sucking my clit and probing the insides of my pussy as far as it will go. Don't get me wrong, a cock is okay but it can't do what a tongue does!

I've been with this girl Michelle for a few months now who just does me right. She's a great pussy licker, but won't tell me where she learned it. I always tease her about that. She'll lick and suck me until I cum in her mouth.

The other night we were at the movies. You know, one of those romantic movies that women like. I promised her a great night of sex if she would come with me movie with me and try not to cry. She did and afterwards said she actually liked the film. But she also brought up the promise that I made and as soon as we got back to my apartment, I slammed and locked the door, grabbed her and started rubbing my crotch on hers.

Michelle was already wet and I was unzipping her pants before our coats came off. She dropped her coat then took mine off and immediately slipped her hand up my skirt. A surprised look hit her face as she felt no underwear. I smiled at her and pulled up my top and he saw no bra either. I pressed my bare boobs on her chest and my nipples got even harder. I felt her fingers enter my pussy and I moaned and squeezed my legs tighter to keep them there so I could get extra wet for what was about to happen.

She led me over to this big double-sized chair in the living room, stripped me naked and left me there. She went into her bedroom and came back after a moment with a huge vibrator I had not seen before. It was a flesh colored and had an bunny-looking appendage coming out from the shaft that was a clit-tickler. She turned it on and could see right away that it was turning me on. She put it near my pussy to tease me, but then knelt down and began licking me holding the vibe at the opening to my slit.

She then turned the bunny to the back so it could tickle my booty hole. It felt great as she lowered her tongue onto my clit and I felt all the sensations: her warm wet tongue on my love button, the buzzing vibe inside my pussy, and the tickler going at it between my butt cheeks. I closed my eyes and just took it all in, literally. After a few hip grinds, well-timed licks, and butt pinches (she knows all the tricks), I came so hard I fell off the chair.

Michelle helped me up and led my limp body to the bedroom where we continued fucking for the next six hours. She took me home the next morning. We went straight into my bedroom and I made her lick me again. Sometimes a girl just can't get enough of a good thing.

From Leon in St. Louis..

It was a warm sunny summer afternoon and I headed over to my friend's house to see if he wanted to play golf. It was a Saturday and even though the links would be crowded, I was in a great mood and I felt that I could beat him good.

When I got to his house and rang the bell, his sister. She was in her mid-twenties and I remember her when she was just entering high school. She had blossomed into quite a woman over the years with a great ass and double Ds. Her name was Shelly and she was wearing a blue tube top that showed plenty of cleavage and her skirt was very short and tight as well. She she greeted me a with a smile and told me to come upstairs. I gladly followed her up the stairs as I stared at her lovely ass as it wiggled in front of my face as I walked up behind her. We got to their apartment and she told me to have a seat in the living room. I walked over and sat on the couch as she walked to the back of the apartment. I figured she was going to call Herb and tell him I was here.

After a few minutes, she walked back into the living room and told me to wait a few minutes. I didn't mind at all since she was straightening up a few things in the room and I was enjoying the view. She would bend over the coffee table to wipe it off and I would just stare at that phat ass as it

had trouble staying inside her skirt. She almost caught me as she looked up quickly in my direction but I tried to look away as fast as I could. The only problem was that I had a huge hard on that was difficult to hide.

For a moment, there was an awkward pause. We looked at each other waiting for the other to say something first. I break the silence by saying that I thought she was really pretty. She looked at me and asked if I really thought that. "I do." I said. "I think you're really hot and I often daydream about you." I see a small smile come across her face and it broadens into a bigger one. I wondered how that made her feel but by the expression on her face I think I knew. A moment later she got up and walked over to me, and placed both her hands on my thighs and gave me a little kiss on the lips.

She pushed my knees apart and dropped down between them. She told me to just lay back and enjoy what was about to happen. As I leaned back against the couch, I felt her rub my crotch and find that I had become quite hard. She reached for my belt, undid it, pulled my zipper down, and reached in and grabbed my cock. She played with it for a moment and then undid my pants and as I lifted my ass she pulled them down. In the same motion my boxers came off and my erection sprang to attention in front of her face.

Just to be sure I asked her if Herb was indeed out for the day. She said he was and began sucking my cock. I thought to myself that she had known this all along and had made plans to do this to me the next time I came over. Those thoughts quickly disappeared as her mouth went down on my cock. She began to lick the tip of it and moved slowly down the shaft. Her hands played with my balls and I felt as though I was in heaven.

As I lay back with my eyes closed I heard her slurping her way up and down the length of my cock. It turns out she is a great cock sucker. I gathered myself together and asked her where she learned this. She looked up to me and smiled and then plunged her open mouth all the way down to the base of my cock. I felt her tongue come out and try to reach my balls. She pulled her mouth back, grabbed my shaft with her hand and pushed my cock to my stomach. She lowered her face into my balls and took them in her mouth. I felt her tongue explore each one as she closed her lips tightly around them making both extremely sensitive. Her hand stroked my cock feverishly as her rhythm increased.

I leaned forward and buried my face between them taking in the aroma of her body and the sweat between her boobs.

I finally opened my eyes and it occurred to me that she still had her top on. I reached down her sides and pulled her top up over her head. I told her that I had been dying to see her boobs. She stood up in front of me and began to play with them. She pushed her left breast up to her mouth and began to suck on the nipple. After a few sexy licks she switched to the other breast. My eyes were fixated on what she was doing. She sat down next to me took my hands and placed them flush on her big boobs. Immediately I began squeezing them and she let out quiet moans of pleasure. I leaned forward and buried my face between them taking in the aroma of her body and the sweat between her boobs. The smell of it made me even harder.

I stood up in front of her, my cock pointing at her chest and as I took a step closer to her she grabbed it and put it between her breasts. She rubbed them up and down on my cock, lowering her head from time to time to flick her tongue on the tip of my cock. I looked down at this wonderful sight, closed my eyes and opened them again to be sure I wasn't dreaming. I was now tit-fucking the most amazing boobs I have ever seen. I could've died right on the spot a happy man. But she had more in store for me as she grabbed my cock and began to suck on it again. As she sucked on it, I played with her breasts and within minutes I could feel myself ready to burst. Apparently, so could she.

But she told me I couldn't do it right then. She stood up and took my hand and pulled me across the living room and into her bedroom. She playfully pushed me down on the bed. I fell face first and stayed there. She quickly dropped her skirt and I felt her hands on my butt cheeks. She scratched them and it made my butt rise in the air. When it did she reached under and grabbed my cock. Just by her actions I could tell that she wanted me on my knees. I obliged and felt her hand stroking my cock as if she was milking a cow. Soon her face was burrowed into my butt and I felt her tongue on my balls.

She paused for a moment and I felt her

get on the bed on her back underneath me. She maneuvered herself into a position where my cock could go straight down her throat. As she did I immediately turned myself around and into a 69 position on top of her. I heard her moan and felt her arch her hips rise up to meet my tongue. I opened her thighs to gain access to her love button. I pulled open her pussy lips and began to lick her clit as I pumped my cock in and out of her throat. She grabbed my butt and pulled my hips down so my cock would go deeper into her mouth. I buried my tongue inside her slit as deep as I could and moved it around until I felt her thigh muscles begin to contract. That made me even more excited to think that she could come as I was licking her. Somehow in the middle of all this she released my cock and pushed both my nuts into her mouth. She sucked so hard that I felt one start to go down her throat. Fearing for my balls I rolled us over so she was on top. This gave her better access to my rigid cock, and I think she also liked it as she buried her pussy on my face. I found her clit and begin to suck on it as I felt it grow between my lips. I focused my attention on her boobs pressing against my belly. I reached for them and felt her raise her chest so I could cup them. I found each nipple and gave them a pinch in turn. As I did I felt her teeth on my cock as she returned the pleasure. We went at it like college kids on their first fuck date.

After about an hour in each other's mouths I felt that I needed to cum. I told her to use her hand along with her mouth and jerk me off which she did with great abandon. As she did I fingered her ass hole and slowly stuck a finger in it as I was eating her out. As I came, I pushed the finger in all the way and she arched up with the soft scream in pain along with me. We disengaged a moment later as she fell back on the bed. After the heavy breathing stopped she looked at me and said "I never imagined you to be such a great lover." I looked at her and smiled and told her that I had been saving it up for her, and I was actually a bit out of practice. She laughed and got up to go to the bathroom to clean up.

I gave her a moment and followed her in and as she was leaning over the sink I pushed my cock into her pussy. She didn't flinch as I rammed it in and out of her tight hole. She leaned over further onto the sink and raised up on her tip-toes so I could go in deeper. I fucked her from behind for a good 10 minutes. She raised herself and caught my eye in the medicine cabinet mirror in front of us. That told me she wanted to turn around and I pulled out and let her do it. Now, this angel was stark naked in front of me with her heavenly breasts right at my fingertips. I entered her pussy once again and grabbed both of her sizable melons as she leaned back on the sink. We fucked like this for another 10 minutes and I was ready to come again. Always the gentleman I pulled out at the last moment and she lowered herself so I could come on her breasts. I watched as she squeezed out the last drop.

We both finally cleaned up, redressed and went back out to the living room. She offered me something to drink and I said I would just like some water please. She poured me some spring water and a glass for herself. We went back to sit on the sofa and as we got there her brother came through the door. He threw his keys on the coffee table, said hello to his sister and to me. Herb asked if we were going golfing today. I told him the day had gotten kind of late and I was tired. Perhaps next week. I told him I had to go and would catch up with him at work. I thanked his sister for the water, grabbed my jacket and headed out the door. On the drive home my cell phone rang. I answered and heard her sweet voice telling me what a good time she had – and that I was welcome to come over and play anytime.

Admit it.

At some point in your life, while you've been working out at the club, you fantasize about the women at the club. There's always one that captures your imagination. From the treadmill to the stair-stepper, you've managed to keep your eye on her. Then one day in the club's Jacuzzi, you feel her presence.

"I know you've been watching me." she says. You look very surprised. "I don't mind. I've been looking at you too." Then she reaches into the water and feels your rock hard erection. "So this is what you think of me?" she says.

Some words for

Mistress Oralee

My name is Sharee, and I am 42-year-old woman who began reading your column when my husband brought home your magazine. Some of the letters that I've read in it have been making me extremely curious.

I'm the kind of woman who needs a good fucking on a regular basis. Recently when my husband what is out of town, I started feeling myself down between the thighs. Fortunately, I own two vibrators -- a five inch one and a seven incher. I started off by getting naked and bringing the two fun tools into my bedroom. I placed the seven incher on my clitoris and turned it on, allowing the vibrations to stimulate me.

My body is in great shape. I have a hot, curvy ass and well-proportioned 38D breasts. I put the five inch vibe on my nipple and it grew hard. I took the other vibrator and teased the long crease all along my throbbing pussy. Then I lay on my back and drew my legs up, opening my hot snatch. I took my fuck probe and plunged it into my tight hole, allowing my muscles to grip it.

It felt good, but I wanted more. I turned the dial up, and my fuck toy buzzed and shook like mad. The sound of that turned me on, and the vibrations massaged my twitching pussy quite well. Getting even more horny, I grabbed the five incher and rubbed it on my clit as the seven incher buzzed deep inside me. Soon I was squirming and rolling all over my mattress tensing my long legs and buttocks.

I stopped short of coming, and decided to go a little further. Prolonging my orgasms makes them better and stronger. I went to the closet and took out a porn tape and put it into the machine. My husband and I would watch porn sometimes when we fucked. I have a favorite scene in one movie where two studs service one girl. They both offer up their cocks to her on her knees and she sucks one while jerking the other and then switches over. It's not that I want to do a three way, but to see two huge cocks like that, I often imagine myself in her spot. And it makes me gush. Love juices oozed down around my vibrator and ran down my thighs. All that stimulation plus the nasty thoughts racing through my mind brought me to my long pre-orgasm phase. That's when I pushed the vibrator all the way in my pussy and kept it there. My pussy swallowed it whole, and it felt as though my body was vibrating from the inside out. A body rocking orgasm followed. I took my tool out and lay back on the bed to relax and watch some more of the porn. I got all hot again and a while later I had one vibe back in my pussy as the two guys on the screen began to fuck the lucky lass.

I love the freedom and control I have fucking myself with vibrators. While they are not as good as a hard cock, they are a convenient fuck whenever you really want one. I think all women should own several of them and carry one in their purses all the time.

To all my fans, I hope you'll keep writing so I can read your sexy letters. I love you guys – Mistress Oralee.

Dear Sharee – Not all women have the sex drive you seem to have. Not all women want to have something hard and impersonal shoved into their pussies. But for those who do, I hear they love it, as apparently you do. Using a vibrator can be fun and stimulating. Have you ever used it with your husband, or on your husband? There is a whole world of sex out there other than the missionary. I always encourage everyone to explore their own desires in a safe manner. Have fun! – O

You have something to say to us?

We have some satisfied readers, and some not so much, but all are welcome to let us know what they think!

NEVER TOO OLD TO LEARN

To the Editor,

I've noticed that many slang words have crept into our use these days and they seem to come from the porn industry. While I have not seen that many I did not know in your magazine, there are words that I was hoping I could get some clarification from you as to what they mean?

My friends have their own interpretations of them, but I don't know if those are universal in their usage or if these guys are just making them up. Either way, I was hoping to get some insight so I don't go around saying something in mixed company and get a foot shoved up my ass. BTW, I have bets with my guys that they are not real words used in sexual situations. Any help would be greatly appreciated.

– Frank, Baltimore

Dear Frank, We put our best minds to your dilemma and here's what we came up with. While we knew of several of them, there were some stumpers on your list. Unfortunately there are some that we just cannot print the answers to. You can make those your homework assignment. – Ed.

rusty trombone – *Getting a rim job while your partner reaches up above the testicles to and gives you a hand job.*
Cincinnati bowtie – *A reverse tit-fuck so your balls and cock are upside-down.*
girlfriend button – *This one had us fooled because, as far as we can tell, it's not sexual slang. We found out it is the "Pause" button on almost any remote or video game joystick that you push when your girlfriend wants to talk.*
alligator fuckhouse – *One person bites the neck of the other, locks down their arms and legs and goes into a deathroll, all while maintaining the insertion.*
grandma style – *Oral sex when she moves her tongue furiously side to side. It's like when grandma is confused and her mouth is open and you can see her tongue making that motion.*
Abe Lincoln – *When you shave pubes, cum on your girfriend's face/chin, and put the hair on her chin like a beard.*
The Houdini – *Has a couple variations... [1] You pull out while doing her doggy-style and spit on her back right before you cum and when she turns around thinking you're done you shoot your load in her face. [2] Fucking a girl doggy-style in front of a window and while in the act you quickly change places with a friend and while he keeps the her busy you go to the other side of the window and wave at her. Obviously, she can't know about the switch.*
Tony Danza – *You are fucking a woman from behind and proceed to yell, "Who's the boss!" Usually she'll respond, "You are, baby!" at which point you yell, "No. Tony Danza's the boss." A few minutes later you ask her again "Who's the boss!" and when she says "Tony Danza" you ask her why she is thinking about other men.*

We hope you're now a little more educated about the correct terminology to use in those situations. Good luck and remember to always play it safe. – Ed.

Dear 30+40 magazine,

I thought it quite appropriate that I write to you because I am 40 and I just introduced my nephew, who's 30, to a situation that he'll never forget. I have changed his name because I know his father gets your magazine and I wouldn't want him to know I corrupted his son.

THE LIFE YOU SAVE MAY BE YOUR OWN
RAUNCHY RAUCOUS & HUNGRY MILFS

Sandy is one hot thirty-something on the cover of the last issue. But she really begins to sizzle on the inside where she has a tennis tryst with her well-hung instructor.

My brother is almost twenty years older than me and a successful businessman in his own right. He has a great son, let's call him Lawrence, but the kid is a big nerd and has only been laid once in his life. I was talking with one day by the pool and he was lamenting about not being able to get laid so I decided to take it upon myself to get him some pussy. Not just any pussy but a duet of horny girls that will give him an afternoon that he'll never forget.

I have a nice little 50-foot sailboat anchored at the marina so I invited him to come down for a Saturday cruise and he said he would. I had also invited two young ladies who I knew would get him hot (don't ask how I know them!) And maybe he would get lucky. They are very cute and liberal minded so I had great hopes for him.

SANDY GETS SOME HANDS ON INSTRUCTION THAT QUICKLY TURNS TO SEX.

The two girls, Candy and Peaches, arrived just before noon and Lawrence sauntered on deck about a half hour later. The girls were below deck having a drink so Lawrence did not see them when he arrived. I showed him around the sloop and when he went below decks he saw them and I introduced them. He was very flustered and looked at me as if to say WTF. I explained that they worked at my office and I had invited them a while ago, but this was the only day they could come.

We pushed off and I showed Lawrence hot to help us get under sail as we motored out of the marina. Candy came up after a few minutes and said that she would like to get some sun. Peaches said she wanted some too. I pointed to the bow and told them to make themselves comfortable there. The girls took off their summer dresses and had bikinis underneath. They spread out on the cushions and started to apply suntan lotion on each other. Lawrence was in the back with me as I showed him how to steer us out to open water. Apparently his mind was not on my instruction. We both watched as Candy reached back and on fasten her bikini top and removed it. Peaches did the same.

By now Lawrence was having a real problem. He pulled down on the crotch of his shorts and got little relief. Peaches rolled onto her back and her bare breasts were magnificent in the sun. They were tan on the sides but paler where top had been. Her nipples stood out. Then Candy rolled over, and all four boobs pointed skywards. Lawrence was in real pain now as he throttled back the engines and made the boat lurch. The girls jumped up and hurried back to the helm. He was turning to go below in embarrassment when they said "What's wrong?"

"Oh nothing." Lawrence grimaced and said, "You two are too much of a distraction." Putting his hands in his pockets trying to hide his erection. Peaches looked at his crotch and said, "Well here's the problem." She started on button in his cutoffs. When she got the last button she yanked down as hard as she could. His erection sprang out and up. It was about 10 inches long and quite thick. "Wow! Look at what I found. Candy, come look at this." Candy bends over to get a closer look at his hard on. "Wow, I that's a big cock but how does it taste?" The two girls are now kneeling in front of his huge dick and teasing him. "I don't know yet but it sure looks good. Wow! I can barely get the head in my mouth. You have a bigger mouth, you try it." says Candy.

I said there was no one steering the boat and I should tend to it. "Why don't you girls take Lawrence down below?" The girls agreed and grabbed his cock to lead him down. I looked down into the salon to find them both removing their bikini bottoms. Peaches said, "Get on the bed?" He flopped on the bed the girls right behind him. Peaches looked at him and started sucking on his cock. Candy was up at the front end pulling his shirt off. All of a sudden I heard him say, "Peaches, let me get inside you before I cum." He slid back and down between Peaches's legs. She grasped him and slid the head of his cock up and down the lips of her wet pussy. Peaches grabbed his hips and pulled him forward, "More, deeper," I heard her say. "What a cock. Candy I can't wait for you to try it." Lawrence began to thrust against her. Peaches was being rocked by orgasm after orgasm. Candy watched and kissed him on the lips. Her hand slipped down and grabbed his balls. He stiffened and jerked and flooded Peaches with shot after shot of cum. He fell over on his side breathing hard, gasping for air. "Hey! You guys, I want some too!" cried Candy feeling left out.

Cock spent, he slipped down between Candy's legs and brushed his tongue over her outer lips. He found her clit and sucked it into his mouth. Then he pressed his face hard into her pussy and rammed his tongue as far in as it would go. Candy let out a howl that shook the boat. I watched as Lawrence crawled up over her and slipped his big cock deep into her. He pumped her hard and I heard him growl that he was about to come. Candy locked her legs around him and screamed as loud as she could. Then there was silence and a few minutes later I saw the two naked girls come up on deck and go back to the bow to resume their sunbathing. I did not see Lawrence the rest of the day until we docked.

marvelous maddie

Pretty and well-endowed, Maddie has become one of our favorite MILFs. Maddie discovered us on a photo shoot with one of her girlfriends.

"I found out that I really like showing off my body to the camera. I especially love lingerie that shows off my boobs. I look for the right piece that makes the girls shine and the right lingerie can make them look just delicious. I know you guys would like a taste."

Before the shoot Maddie treated us to a lingerie fashion show trying to decide which outfit looked the best. She started with a sexy red number that, of course, showed off her boobs. Then she tried a two piece cami and panty set with crotchless panties. Followed by a blue teddy with a g-string back. She asked all the crew to vote and they loved it. In the end we all picked the black bustier with fishnet stocking. Good choice. No?
